

TABLE OF CONTENTS

Section I: Basic Science 1

Introduction	1
Uses of Dental Implants.....	1
Types of Dental Implants.....	2
Implant Placement Procedure for Endosteal Dental Implants	2
What is Osseointegration?.....	3
Materials Capable of Osseointegration.....	3
Host Factors That Affect Osseointegration.....	4
Technique Factors That Affect Osseointegration	4
An Additional Advantage of Dental Implant Use	5
Conclusion	6

Section II: The Team Approach to Implant Dentistry..... 7

Introduction	7
The Patient	7
The Staff.....	7
The Implant Treatment Coordinator	8
The Restorative Dentist	8
The Laboratory Technician.....	8
The Surgical Specialist.....	9
Imaging	9
The Implant Team	9

Section III: Selection of the Implant Candidate 11

Introduction	11
Medical Evaluation.....	11
Dental Evaluation.....	11
Radiographs.....	12
Study Casts.....	12
Photographs.....	12
Preliminary Treatment Planning Phase	12

Section IV: Treatment Planning..... 13

Introduction	13
Health Status of Patient	13
Evaluation of Surgical Site.....	13
Evaluation of Jaw Anatomy.....	15
Choice of Implants.....	16
Conclusion	16

Section V: Office Preparation and Operatory Set-Up..... 17

Introduction	17
Preoperative Planning	17
Surgery.....	20
Postoperative Office Procedures.....	24

Section VI: Bone Grafting with Dental Implants..... 25

Introduction	25
Dental Implants and Bone Grafting	25
Maxillary Sinus Augmentation	27
Resorbable Membranes	30
Prosthetics	31
Planning and Records	32
Conclusion	32

Section VII: Adjunctive Soft-tissue Procedures 35

Introduction	35
Principles of Oral Soft-tissue Grafting.....	35
Instrumentation.....	36
Indications and Surgical Techniques	37
Soft-tissue Grafting Procedures.....	37
Postoperative Considerations	42

**Section VIII: Complications
of Osseointegrated Implants 43**

Introduction43
Treatment Planning43
Preparing for and Assessing
Implant Osseointegration43
Potential Complications44
Summary.....47

**Section IX: Postoperative
Considerations 49**

Introduction49
Diet49
Use of Prosthetic Devices49
Care of the Surgical Site49
Postoperative Surgical Considerations.....50
Postoperative Medications.....51
Hygiene51
Recognizing Complications51
General Postoperative Instructions52

Glossary 57
